## U. N. COLUMNS SPEAR TO WITHIN THIRTY MILES OF PYONGYANG; RACE TO CUT OFF RED CAPITAL'S ESCAPE ROUTES; S. KOREANS STORM INTO CITY OF HAMHUNG

**Pyongyang** Brought To Within 2 or 3 Days' March of Allied Forces

### SEE BREAKTHROUGH

**Closest to Communist Capital is ROK First Division**

By Howard Handelman  
(Far Eastern Director, I. N. S.)

TOKYO, Oct. 17—(INS)—Fast-moving United Nations columns speared within 30 miles of Pyongyang today and raced to cut off the Red capital's escape routes in a multi-pronged drive against melting enemy resistance.

Simultaneously, South Korean troops on North Korea's eastern seaboard stormed into the big industrial and communications center of Hamhung, astride the main railroad to Communist Manchuria, 105 miles away.

Hamhung's major port of Hungnam also was under pressure from nearby South Korean units.

Meanwhile, no word had been received up until late Tuesday on the outcome of an attempt to verify a South Korean report that some 800 American war prisoners had been up by their Red captors in a rail tunnel below Hamhung.

A South Korean patrol, led by an American major, had been sent to the scene Monday to investigate the report.

Pyongyang, on the west side of North Korea, was brought within a two or three day march by the Allied forces, pressing for a quick breakthrough to the city from the south, southeast, east and north-east.

Closest to the Communist capital, as of early Tuesday, was the ROK (Republic of Korea) First Division which rammed beyond captured Suan to within less than 30 miles southeast of Pyongyang.

To the left of the ROK advance, two battle-seasoned American divisions pressed up toward Pyongyang along and on both sides of the main rail-highway artery to the enemy capital.

The famed U. S. 24th Infantry Division—first American ground unit to enter battle in the Korean war—smashed cross the 35th Parallel, overran Haeju and drove

**Plexiglas Exhibit Here During Pennsylvania Week**

An exhibit of Plexiglas acrylic plastic by the Rohm & Haas Company, chemical manufacturer, in the Spencer Furniture Company store here is being featured during Pennsylvania Week.

The Rohm & Haas exhibit shows the plastic material in the form of sheets, rods, and molding powders produced at its Bristol plant, and also includes some of the many commercial articles molded and fabricated of the material by end-product manufacturers.

Among those on display are colorful automobile parts, name plates, brushes, combs, and a representative selection of interior-carved decorative items in which brilliantly-hued flower arrangements seem to be embedded in solid blocks of Plexiglas.

### HERE AND THERE IN BUCKS COUNTY TOWNS

**Activities of Interest To All in The Various Communities**

### GLEANED BY SCRIBES

Doylesontown's chances of an extended sewer system to serve the "west end" of that borough, and for an enlarged sewer plant to take care of the expansion, seem doubtful at this time. At an adjourned meeting of borough council on Friday bids for the extension plans were opened and council members heard Consulting Engineer William H. Boardman read of the various bids that soared as high as \$256,804.

There were ten firms that submitted bids.

War-time prices and general unrest in the construction field, and the uncertainty of prices of material bid on, has caused construction firms to take no chances, with the result that bidding was unusually high for the project.

The bids were submitted to the consulting engineer and the sewer committee for consideration and check over the week-end.

"Open the door of our community" was the theme at the meeting at the parsonage in Eureka, last week, of Warrington W. C. T. U.

### SPAGHETTI LUNCHEON

A spaghetti luncheon will be served at 12 o'clock noon on Wednesday in the Union Fire Co. station, Cornwells Manor. It is being sponsored by the Ladies' Auxiliary.

### A. A. AUXILIARY

The St. Ann's A. A. Auxiliary will hold a meeting tomorrow in the club house, Wood street, at eight p. m.

### WORLD NEWS IN BRIEF

General Eisenhower formally disclaimed any Presidential ambitions when asked to comment on Governor Dewey's pledge of support in 1952.

President Truman arrived in San Francisco from his talk with General MacArthur and will make a major foreign policy speech tonight. Harold E. Stassen called on the President to prove that the meeting was not political.

Further gains were scored by United Nations forces on all fronts in Korea. When the United Nations Economic and Social Council named the Soviet Union to a committee to map Korea's relief and rehabilitation the Russians were so surprised they had to ask Moscow whether to serve.

In other United Nations action, the Assembly's Social Committee emphatically rejected United States proposals to modify the aim of the children's aid program, the debate on international cooperation continued in the Political Committee and the Security Council took up the Palestine question for the first time in a year.

Premier Ben-Gurion failed to form a new Israel Cabinet. He asked for early elections and an interim government.

France has abandoned posts

### "MAGAZINE MAGIC" TO FEATURE MEETING

10 Classes to Feature "Little Show" at Trevose Society Session

### CONTEST NEARS END

TREVOSE, Oct. 17—"Magazine Magic" is the general title given to a presentation which Roy B. Lucy, Jr., of a Philadelphia publishing firm, will give before members of Trevose Horticultural Society this evening. Members will assemble in the local community house at eight o'clock.

One point which Mr. Lucy will stress is that "the world's vast magazine publishing business is basically dependent upon horticulture."

The film, "Magazine Magic," graphically depicts the production of magazines, showing everything from the planting of pulpwood seedlings to the delivery of finished copies of magazines to readers.

The "little show" classes for that evening will be as follows:

Arrangements—Class 1. Featuring celosia, other materials permitted: 2. pompon and/or miniature dahlias; 3. chrysanthemums, any type expressing symphony of color

### GLEE CLUB TO APPEAR

The Male Glee Club of Bristol will make its first appearance of the season at a meeting of the Foremen's Club in the Philco Cafeteria this evening at 7:30 p. m.

Members of the Glee Club will meet at the high school at seven p. m. sharp.

### HAS "POLIO"

By "The Stroller" He is 87 years old but he goes to the "movies" daily and sometimes twice a day.

Edward Renk, the well-known and popular ticket taker at the Grand Theater, today is celebrating his 87th birthday anniversary by going about his duties as usual. To "Ed" Renk it is just another day.

Mr. Renk has been at the Grand Theater for over 19 years, taking tickets, and he is known by thousands of people. A retired P.R.R. employee he enjoys good health, is good natured and has a jovial disposition.

Kevin Murphy, 17-month-old son of Bristol police officer Michael Murphy, who was removed to the Children's Hospital, Philadelphia, October 12th, is ill with "polio." The Murphy home was quarantined yesterday by Health Officer William A. Groff, upon notification of the diagnosis. His condition is said to be satisfactory.

### Management Club To Resume Dinner Meetings

The Bucks County Industrial Management Club will hold its first regular dinner meeting of the fall winter season this evening in the Philco Corporation cafeteria, at Croydon. Irving Kessler, director of employee relations of the John B. Stetson Company, will be the guest speaker. Dinner will be served at 6:30 p. m.

Mr. Kessler's topic for the evening will be "So You Think You Know People." He is a graduate of Temple University, and has done graduate study in psychology at University of Pennsylvania.

All members are urged to attend this meeting as it should prove interesting and educational to all attending.

### FIRE CHIEFS SEEK PAY FOR CO. FIRE MARSHAL

Will Work for Legislation or Naming of Graham as County Official

### HOLD MEETING HERE

The Bucks County Fire Chiefs' Association held a regular monthly meeting last evening in the station of Bristol Fire Company No. 1. Robert O'Neal, president of the association presided.

C. A. Russell, secretary, read the minutes of the previous meeting and gave the report for the committee appointed to see what could be done to have the fire marshal become a county employee. In this report it was stated that the sheriff had been contacted along with other officials of the county and was told that legally the county could not pay a fire marshal. The committee is now trying to see what can be done to get legislation passed so that the fire marshal can be paid.

The members of the association discussed the problem of having the fire marshal become a county employee and decided the solution to the problem would be for the committee to continue on with the idea of having legislation passed, so that the office of fire marshal will become a county position.

Robert Graham, fire marshal of Bucks County, reported he attended the meeting of civilian defense held in Doylesontown. He said "If we have a war here in the United States the firemen of the county will have plenty to do. We are well equipped to do the job. For 150 years fire companies have been administering to the general public, so there is no

### CHANGING BRISTOL TOWNSHIP FROM A SECOND CLASS TO A FIRST CLASS DISTRICT

This article is the first of four released by the executive committee of the Bristol Township Civic Association, Albert C. Smith and Howard C. Taylor.

It presents the Association's reasons for advocating changing the status of Bristol Township from second class to that of first class. The question is to be voted upon at the November election.

### ARTICLE I

"Yes in November" is the phrase now regularly heard throughout Bristol Township. This November has great added significance to the residents of Bristol Township as on that day we shall decide to acquire the advantages of a first-class township or continue as a second-class township.

The Bristol Township Civic Association has undertaken to bring to our neighbors all pertinent facts involved in reclassifying Bristol Township from second-class to first-class. We shall review these facts in a series of articles. In this first article we thank The Bristol Courier for this opportunity to present the authoritative information to the township residents through the medium of our newspaper which serves both the township and the Bristol Borough.

As a result of the Bristol Township Civic Association's first written statement of January 9, 1950 stressed the fact that "A first-class township gives protection against loss of industries and property to an adjoining borough. Losses of industries, residential area, or property will increase your taxes for the limited township administrative services we now have."

From the reactions of some of our neighbors in the Borough, and some of us in the Township, one would think it was a "Call to Arms" and men in uniform were to patrol our boundary streets, lanes and streams. Let us look at the facts that are available to all. The Laws of the Commonwealth of Pennsylvania, by which we govern ourselves, prescribe our several types of local governments—the

tion previously submitted by the Bristol Township Civic Association and agree, in their report, that it is to the advantage of our township residents to vote "Yes" in November to secure our rightful position of first-class township.

The Bristol Courier of Sept. 19 included the report of the Pennsylvania Economy League presented by Mr. Donald M. Perry. We urge that you read it again. The headline featured "Fundamental Natural Reasons for Inter-relationship with Borough." This will be discussed in a later article. We realize our mutual problems require much thought and serious study. This report definitely confirms the Civic Association's conclusion that it is to our present advantage to become a first-class township.

Our Civic Association's first written statement of January 9, 1950 stressed the fact that "A first-class township gives protection against loss of industries and property to an adjoining borough. Losses of industries, residential area, or property will increase your taxes for the limited township administrative services we now have."

From the reactions of some of our neighbors in the Borough, and some of us in the Township, one would think it was a "Call

TUESDAY, OCTOBER 17, 1950

**FIFTH PENNSYLVANIA WEEK**

The fifth annual celebration of Pennsylvania Week, October 16 to 22, occurs at a time of great significance to the people of the Commonwealth. The four years just passed have marked a transition from a wartime to a peacetime world and today our State and our nation are experiencing again the transition back to what is in effect a wartime economy.

Four years ago, a million young men and women had recently returned to Pennsylvania communities from service in the armed forces. The war plants, the steel mills, the textile factories of our State had not yet completed their conversion from a military to a civilian output.

The first Pennsylvania Week was organized by the State Department of Commerce to make Pennsylvanians better acquainted with their own State and to encourage programs of community self-appraisal, for the expansion of the State's industries.

Now, four years later, Pennsylvania can look back over a period of unusual peacetime achievement, matching the all-out effort which the Commonwealth had devoted to the national defense. In almost every field of activity, Pennsylvania's development through the past four years has exceeded that of its neighboring states.

Progress has been made in almost every direction of civic betterment. The latest report shows 733 local recreation programs now in active operation, a large proportion of which were made possible through leadership provided by the Extension Education law, as amended by the 1947 Legislature.

The State \$15,000,000 housing program, actively under way, includes grants of some four million dollars for urban redevelopment and slum clearance administered by the State Planning Board.

Pennsylvania Week, 1950, finds the Commonwealth with a population of approximately ten and one-half million persons, with an income of fourteen and one-half billion dollars.

This, the fifth Pennsylvania Week, will emphasize industrial mobilization for the national defense and assures us of that community of effort which is the greatest safety and security that can ever be provided by the activities of a free people.

So much is going on in Washington the public has lost track of Gen. Deepfreeze Vaughan.

Prophets formerly predicted when the world would end. No one is attempting this today, although conditions seem to be propitious.

Thirty-one federal agencies, or 3 per cent of the total, have been ordered to cut spending. It will be interesting to check on this next year to see how it came out.

Statistician finds the average man gets mad six times a week. But some men think of taxes more often than that.

**"WASHINGTON REPORT"**

By FULTON LEWIS, JR.  
(Copyright, 1950  
King Features Syndicate, Inc.)

WASHINGTON, Oct. 17 — W. Averell Harriman is President Truman's super-thinker on international policies. As such, he sits in the White House as a sort of present-day Harry Hopkins, tipping off the President on what is new with Stalin or Attlee or other world leaders.

Recently, however, in Houston, Texas, Harriman concocted the novel accusation that Senator Robert A. Taft has been serving the purposes of the Communists, by voting as they wanted him to vote. The voice was the voice of Harriman, but the words were those of Mr. Truman, who knows that Taft is a Republican presidential potential for 1952, if he wins his current re-election fight in Ohio.

It was difficult at the time to tell who was more surprised, Senator Taft or the Communist leaders in the nation. At any rate, the Communists had no answer ready when asked if they thought Taft represented their views. The reason they were not prepared to answer is that it never occurred to them that such a question would ever come up.

Taft, of course, is waging an election fight against a Democratic opponent in Ohio who figures only mildly in the fight. The real anti-Taft force is the C. I. O., aided by contributions and speakers from other elements of organized labor. The C. I. O. has a perfect right to oppose Taft or any other member of Congress. Mr. Harriman also has perfect right to label Taft a pro-Communist. But since he has done so, there is an interesting background which now seems quite pertinent.

Tucked away in the files of the military intelligence division of the Army is an informative report concerning Mr. Harriman. I have the file number in case Mr. Harriman has any trouble locating the document.

Since Mr. Harriman has no connection whatsoever with the Army, you might think the document is in a strange place. However, it so happens that M. I. D. used to have an undercover informant in the Communist Party in the city of Pittsburgh, Pa. At the risk of his personal safety, this individual turned in periodic reports to M. I. D., detailing what the Communists in this important industrial and arms producing center were doing. The particular M. I. D. report to which I refer was turned over to Army Intelligence on August 21, 1941. This was nine years ago, but the relevant paragraphs of the report seem of current interest in view of Mr. Harriman's recent activities.

"During a visit to the Communist Party headquarters (in Pittsburgh) in the McCance Building, Dave Miller and Dave Lurie were present." The M. I. D. undercover agent wrote to his superiors in 1941.

"They were discussing the Westinghouse Local 601 article printed in the Daily Worker. The Soviet Union and China featured the first meeting of the District Council No. 6, UERMW, C. I. O., since local unions in this area elected delegates to that union body.

"Lurie commented to Miller that they now have the best leadership in the history of the valley, Miller

and the last legal step to become a first-class township is to have a majority of the votes cast on November 7 (Yes) in favor of becoming a township of the first-class.

Is there any individual in the Borough, in our Township or anywhere who will knowingly and willingly allow his taxes to be decreased with no benefits to be derived therefrom? That is the reason for protecting our present boundaries.

The loss of one of our industries by annexation to the Borough can mean a loss of \$10,000,000 a year tax revenue to the Township.

This can increase the tax rate of the remaining part of the Township by two mills.

Losses of other industries and residential area would mean further increases in taxes for the remaining residents and industry in the Township.

It is not a pleasant future to contemplate, is it? And the cause would be because we failed to accept our legal rights.

We have, too long, delayed in taking this progressive step. If we fail to vote "Yes" in November, we shall invite losses of industries and residential area under the Code or Law.

The principal speaker will be State Senator Edward B. Watson, whose district includes the canal and a statement from Gubernatorial candidate Richardson Dilworth will be read.

Representative officials of Bucks County realty, firemen's medical, and sportsmen's organizations will also take part in the meeting, and statements from other current political candidates will be read.

From the reaction of the Communists it is fair to say that when Mr. Harriman placed Senator Taft in the party, the Communists failed to roll out the welcome mat. In fact, there is considerable Communist agitation to get Taft out of the Senate entirely. If defeated, he would not be "in" as the Communists like to have "in" those with whom they can work.

Their feelings about Harriman are just the opposite. Assuming this will be as much news to Harriman as were his views news to Senator Taft, it seems, nevertheless, a public service to call the M. I. D. report to his attention.

There never was a time when government leaders needed to be as vigilant about Communist influence in their thinking as they must be today. Now that he is "in," Harriman might legitimately raise the question of why the Communists are so anxious to have him there. In his anxiety to tag Taft as a friend of the Communists, he may have overlooked something that made him such a hopeful for the Reds.

There never was a time when government leaders needed to be as vigilant about Communist influence in their thinking as they must be today. Now that he is "in," Harriman might legitimately raise the question of why the Communists are so anxious to have him there. In his anxiety to tag Taft as a friend of the Communists, he may have overlooked something that made him such a hopeful for the Reds.

Their feelings about Harriman are just the opposite. Assuming this will be as much news to Harriman as were his views news to Senator Taft, it seems, nevertheless, a public service to call the M. I. D. report to his attention.

## Here and There In Bucks County Towns

Continued from Page One  
with Mrs. Wallace A. Baum as the hostess.

Following the opening ceremonies in charge of the president, Mrs. Norman C. Kratz, devotions were conducted by Mrs. Ruberta Martin, who read a communication from the president of the State W. C. T. U. The treasurer, Mrs. Try, reported \$50 cleared at a benefit affair.

The 1950-51 programs were distributed among the members.

Echoes of the fall convention of the Bucks County W. C. T. U. were given by several members. Mrs. Clayton Zetty, a member of Warrington union, was elected the county vice-president at the convention.

Mrs. Norman S. Cornell, Mrs. Emma Ambler and Mrs. Norman Lapp were asked to contact the Sunday School board in reference to giving 10-minute talks concerning the Loyal Temperance Legion in the Sunday School one Sunday a month.

Mrs. Kratz informed the union that efforts are being made to procure a film to be shown in the church in January, when a temperance lesson will be given.

Mrs. George S. Cornell had pre-

pared a paper, "How Can We Use the Ballot Against the Liquor Traffic?" This was read by Mrs. Norman S. Cornell.

### Pvt. Hugh J. Arbuthnot Completes Course

LACKLAND AIR FORCE BASE, Texas, Oct. 17—Pvt. Hugh J. Arbuthnot, 22, son of Mr. and Mrs. William Arbuthnot, 535 Swain street, Bristol, Pa., has completed his AF basic airmen indoctrination course at Lackland Air Force Base, the "Gateway to the Air Force."

Lackland, situated near San Antonio, is the world's largest air force base, center of Air Force basic training, for airmen and women, indoctrination station for prior service re-enlistees, and home of AF's Officer Candidate School.

His basic training has prepared him for entrance into Air Force technical training and for assignment in specialized work. The course included a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

#### BILL STATIONS

CHICAGO—(INS)—Many cities have found it advantageous to establish substations as an aid in the collection of utility bills, according to the Municipal Finance Officers Association.

### Penndel Area Expects Industrial Growth

Continued from Page One  
mands of the near future. He is working with a committee from the businessmen's group whose purpose is to provide assistance and information to industries who are planning to locate in the Penndel region. The members of the committee are Jack R. Watkins, Joseph A. Keating, John A. A. Crowley and Walter Weller.

This committee will meet soon with the electric company representative to discuss the coming of the new industries. Mr. Burbage said that the Penndel area is a logical region for industrial growth because of such traffic arteries as the Reading railroad and the Lincoln highway, and also because of the space for industrial sites.

As a sure sign of the coming industrial growth, the Philadelphia Electric Co. will begin construction of a new \$250,000 administrative and maintenance center in Penndel next March, which will centralize the company's maintenance facilities for lower Bucks county in Penndel.

The Birdsboro Knitting Co., of Birdsboro, Pa., is now moving into a former hosiery mill on Center street, it was revealed.

E. E. Heizmann, general chair-

man of the fourth annual window trimming and Holloween celebration committee, reported that progress is being made for this year's program.

The meeting was held in Flannery's restaurant, Penndel, under the direction of President Thomas Percetti.

### U. N. Columns Within 30 Miles of Pyongyang

Continued from Page One  
north over enemy territory at a rate of better than a mile an hour.

Advancing 25 miles in 24 hours up to Monday midnight, tank-tipped spearheads of the 24th reached Okhyon, 44 miles southwest of Pyongyang, and 33 miles south of the capital's Yellow Sea outlet of Chinmampo.

To the right of the 24th, the mechanized U. S. First Cavalry Division struck swiftly past captured Sohung to reach within a dozen miles east of Sariwon by dawn Tuesday.

The six-way hub of Sariwon is the main southern gateway to Pyongyang, 33 air miles due north of the junction.

At Simnak, captured Sunday by the First Cavalry Division, a valuable airfield 50 miles southeast of Pyongyang was rapidly put into use for an Allied airlift. C-54

transport planes began landing at the Simnak airstrip within 12 hours after its seizure.

A move to encircle Pyongyang seemed in the making as American fighter pilots reported spotting tank-led South Korean troops racing northwest from the North Korean midlands toward Kachang.

Situated 40 miles northeast of Pyongyang, the Kachang hub becomes one of the two principal escape and supply rail-highway routes stretching north from the Red capital.

The units moving on Kachang in a flanking maneuver were presumed to belong to the ROK Eighth Division. The latter's spearheads reportedly raced northwest beyond captured Koksan 36 miles in less than 36 hours.

The advance appeared to have exposed Pyongyang's inland eastern flank. It proceeded up North Korea's flatlands west of a mountain chain through which the ROK Third Division was pushing beyond occupied Tongyang, 60 miles east of Pyongyang.

The enemy's mountain defenses thus seemed to have been rendered untenable by the reported ROK Eighth Division thrust behind the Red line.

The South Korean trans-peninsular advance beyond Tongyang had begun at the captured eastern port of Wonsan.

At the same time, ROK Capitol

and Sixth Division forces pushed far to the north of Wonsan and one column smashed into the southern environs of Hamhung early Tuesday.

This was the deepest penetration of North Korean territory yet made by any UN force. Hamhung, a city of 76,000 residents, is 130 miles north of the 38th Parallel which for five years divided Korea between north and south.

Hamhung, 235 miles southwest of the Soviet Siberian border and 53 miles north of Wonsan, is one of Korea's largest centers of heavy industry and communications.

Heavy and frequently blasted by B-29 Superforts, the city contains chemical plants, oil refineries, aluminum and magnesium works and lead and zinc smelters.

It is a major hub on rail and highway arteries that run north to cross the Yalu river into China's Manchuria, then turn east to enter Siberia.

South Korean troops also were thrusting Tuesday morning into the environs of Hamhung's Sea of Japan port of Hungnam, five miles southeast of the industrial city.

Gen. Douglas MacArthur's Tuesday afternoon headquarters communiqué announced that Monday "was a day of spectacular gains along the entire United Nations front in Korea."

Opportunities knock each week in Courier want ads. Phone 846.

## NEWS OF SCHOOLS IN AREA

### Council Rock District

NEWTOWN, Oct. 17—The junior high school student council recently elected officers as follows: Richard Mengel, president; Martha Yerkes, vice-president; Geraldine Tomlinson, secretary; Karel Fry, treasurer. Other representatives are Pamela Conrad, Richard McKenny, William Caul, Steve Wilbur.

Members of the student council are elected by the four home rooms, and handle a variety of activities. The annual magazine campaign was launched by the student council on September 28th and to date students have sold \$1400 worth of magazines in the community.

Eighth grade home room officers have been elected as follows: 8-1 officers—Robert Kratz, president; Richard Mengel, vice-president; Patricia Kazmier, secretary; William Traub, treasurer; student council representatives. Martha Yerkes, Richard Mengel, 8-2 officers—Dick MacBain, president; Karel Fry, vice-president; Kathryn Carr, secretary; Norma Cloud, treasurer; student council representatives. Karel Fry, Richard McKenny.

Forty-four pupils of the Richboro elementary school and Coun-

# POWER to do things -in your Pennsylvania

FROM the day Franklin flew his kite to this electronic age, electricity has made giant strides in Pennsylvania. To-day our state produces more power than any other state in the nation . . . and we are still growing.

Philadelphia Electric's \$500,000,000 expansion program is an example. Started immediately after V-J Day, this vast development was scheduled for completion in 1955, but superb teamwork will see all planned major electric generating capacity ready and working two years ahead of schedule. As a result, P.E.'s capacity for producing power will reach 2.1 million kilowatts by 1953, a 75 per cent increase since World War II.

This is just one example of how business-managed industry keeps opportunity growing in Pennsylvania.

Electricity is still the lowest priced necessity in the family budget

## Prudential Staffs Mark 75th Anniversary of Company

One hundred nineteen residents of the Burlington-Bucks counties area Friday participated in one of the largest birthday parties on record—the observance of the 75th anniversary of the Prudential Insurance Co. The occasion was marked by simultaneous gatherings of some 75,000 persons throughout the United States, Canada and Hawaii.

According to Harry Lewis, manager of the District office, this is the first time that the entire Prudential organization has been able to join in a simultaneous celebration. He estimated that similar parties were held today in approximately 400 cities. In every case, the parties were highlighted by a special birthday cake.

The luncheon included Prudential personnel from the Bristol, Mt. Holly, Moorestown, and Riverside branches of the Burlington, N. J., office and members of their families.

## Queries Pertain To Garden Chores At This Time of Year

NEWTOWN, Oct. 17 — Twenty-four members were in attendance at the meeting of Newtown Garden Club Friday afternoon at the home of Mrs. Arthur Yunker.

A total of 115 plants and bouquets have been distributed by the members during the month of September.

An interesting period of questions and answers regarding chores in the garden at this time of year was conducted by Mrs. Yunker. The theme of the program was "Ideal Edgings" conducted by Mrs. Lucy Porter, and many varieties were suggested—portulaca, petunias, ageratum, coleus, pansies, sweet alyssum.

Several members had availed themselves of the invitation of the Misses Paxson, members of Trevose Horticultural Society, who live in Philadelphia to visit their garden, and the description of this was much enjoyed. The club visited Mrs. Yunker's garden and viewed her patio plantings.

The next meeting will be at the home of Miss Julia Balderston, November 10th, when Miss Olive Balderston will tell of "Berry Bearing Shrubs," and Mrs. Reuben Kester will have the question and answer period.

# IS 5 MINUTES OF YOUR TIME WORTH \$1000?

5 MINUTES BEHIND THE WHEEL SOLD ME ON DODGE... AND SAVED ME \$1000!

—says Earl B. Mix  
New Rochelle, New York

PEOPLE every day are finding out for themselves . . . you can make 5 minutes of your time worth \$1,000—by spending it at your Dodge dealer's. He'll demonstrate how you could pay \$1,000 more and not get all the extra roominess, the driving ease, the rugged dependability of this smartly styled Dodge! You'll see that Dodge gives you real stretch-out roominess you can't find in cars costing hundreds of dollars more. And a few minutes behind the wheel will open your eyes to ease of handling you never thought possible in a car so big and roomy. And after you buy your Dodge—you'll find that famous Dodge dependability and ruggedness will continue to save you money for years to come. Your dollars do go further with Dodge. Five minutes . . . that's all we ask!

NEW BIGGER VALUE DODGE Just a few dollars more than the lowest-priced cars!

## JUNIOR HIGH BEATS NEWPORTVILLE BY SCORE OF 6 TO 0

A delayed quarterback sneak by Smith with Lentini putting on the key block enabled the Junior High team to win over Newportville, 6-0, in a Township Elementary League game. In the other games, Croydon and Edgely battled to a scoreless deadlock and Laurel Bend won over Maple Shade by a forfeit.

### Line-ups

### Model Meet Successful; Held in Quakertown

In spite of cold weather the miniature Cleveland Air Races were held Sunday by the Bucks County Federation of Model Clubs at Quakertown were successful.

Winners of the series of races held were: Russel Lowe, Carlisle, first; William Christie, Philadelphia, second; William Rasmussen, Carlisle, third; James Kirman, Upper Darby, fourth; and William Dodson, Larchmont, fifth.

Model engines were given to all winners down to fifth place and merchandise prizes were given to winners of sixth to tenth place inclusive. The first prize winner who received a trophy and "Dooling" engine as a prize won the races using a modified "McCoy" engine in model of his own design. The model was not as fast as others but it had a very easily started engine that was started in as little time as 20 seconds. Other models although faster lost precious time on the ground when their engines took several minutes to service and re-start.

This was the first meet held by the Federation and there will be another held in the future in view of the response given to this one.
